

thyssenkrupp

engineering.tomorrow.together.

At thyssenkrupp we have more than 160,000 employees in nearly 80 countries and annual sales of €43 billion. We are active in automotive engineering, logistics, plant technology, steel production, elevator manufacturing and much more. We work in large and small businesses all around the world – but we always work together. We have over 200 years of experience in industry and the latest cutting-edge technology. We have a position that's right for you, that piques your interest, and that puts your skills to the test.

SAP Test Specialist

thyssenkrupp Group Services Gdańsk, Location: Gdańsk

Joining **thyssenkrupp IT Competence Center**, you will become a part of a team of dedicated professionals, who support and develop Global IT Applications and thyssenkrupp infrastructure worldwide. We promise to create an environment where each employee feels valued and our teams are driven by the group spirit. You will be working in Test Factory team where experts support the quality of various SAP and non-SAP applications giving you a chance to gain experience in test automation technologies and test management methodologies.

Your responsibilities

As part of our Team you will be responsible for:

- Designing, developing and execution of automated test solutions for SAP using an automation tool (Worksoft Certify)
- Performing manual tests, change requests handling
- Understanding of business processes and needs to provide appropriate testing scenarios and documentation
- Identification, analysis and documentation of testing results and defects with proper communication, addressing and tracking
- Support of SAP global releases of new functionalities (test execution, test management)
- Close collaboration with other team members and IT departments

What we offer you

- **Talent and development programs aimed at developing technical and soft skills:** ISTQB, ITIL, Koepner-Tregoe, SAP, Worksoft trainings, foreign languages classes, co-financing postgraduate studies
- **Attractive working conditions and social benefits:** sports cards (MultiSport), funding of cultural and sports activities, Lux Med private medical care, relocation package
- **“Open door” culture - work in international environment, friendly working atmosphere:** company events such as Summer Party, Christmas Party, Team hangouts, Fresh Fruit Days, flexible working hours
