

thyssenkrupp

engineering.tomorrow.together.

At thyssenkrupp we have more than 160,000 employees in nearly 80 countries and annual sales of €43 billion. We are active in automotive engineering, logistics, plant technology, steel production, elevator manufacturing and much more. We work in large and small businesses all around the world – but we always work together. We have over 200 years of experience in industry and the latest cutting-edge technology. We have a position that's right for you, that piques your interest, and that puts your skills to the test.

## SAP Authorizations/Security Consultant

thyssenkrupp Group Services Gdańsk, Location: Gdańsk, Poland

Joining **thyssenkrupp IT Competence Center**, you will become a part of a team of dedicated professionals, who support and develop Global IT Applications of thyssenkrupp. We promise to create an environment where each employee feels valued and our teams are driven by the group spirit. You will be working in SAP Authorizations team where experts support various SAP products including ECC, MDG, FSCM, HCM, SolMan, GRC, PO, SCP and HANA giving you broad exposure to SAP Authorizations management across different SAP technologies.

### Your responsibilities

- Acting as SAP Authorizations internal consultant for thyssenkrupp companies worldwide, as a member of the unique SAP Competence Center Team
- Providing 2nd level support for SAP systems in accordance with Data Protection and GDPR regulations
- Participation in support and development of group-wide SuccessFactors Employee Central cloud based platform
- Maintenance of roles and profiles in various SAP systems
- Utilizing SAP Solution Manager for a complaint ChaRM process
- Incorporating thyssenkrupp security standards into the role & profile design
- Translating business needs into technical solutions
- Identifying automation opportunities and delivering them with support of GRC Access Control and other automation tools
- Advancing support service by sharing knowledge and active participation in improvement initiatives
- Cooperating with 1st & 3rd line support and project teams

### Your profile

- Bachelor's or Master's degree in Business Informatics, Computer Science etc. or relevant work experience
- At least 2 years experience in SAP authorizations area
- Experience as SAP Authorizations/Security Consultant
- Fluent written and spoken English
- Good knowledge of German is important in this role
- Otherwise basic knowledge of German and determination to improve it will be critical
- Agile mindset with ability to take responsibility for continuous delivery of high quality support service
- Strong service thinking skills and service orientation
- Excellent communication skills
- Excellent analytical skills
- Excellent problem solving and decision making skills
- Ability to work within tight deadlines and attention to details
- Experience in working in a multinational team will be an asset

### What we offer you

- **Talent and development programs aimed at developing technical and soft skills:** ITIL, foreign languages classes, co-financing postgraduate studies
- **Attractive working conditions and social benefits:** sports cards (MultiSport), funding of cultural and sports activities, Lux Med private medical care, relocation package
- **“Open door” culture - work in international environment, friendly working atmosphere:** company events such as Summer Party, Christmas Party, Team hangouts, Fresh Fruit Days, flexible working hours
